## 2014 BS/MS Graduates: Is further education in your future?

*Consider a doctoral degree! Beginning the 2015-2016 school year, two exciting events will occur at LLUSN.*

1. The BS to DNP program is inaugurated.
  2. Recruitment commences for selection of the next PhD student cohort beginning summer 2016.
- The DNP (doctor of nursing practice) is a clinical doctorate and is the path to an advanced practice nursing role (nurse practitioner, clinical nurse specialist).
  - The PhD prepares nurse scientists for research, scholarship, and development of new knowledge in nursing.

**MANAGE YOUR CAREER, DON'T LET YOUR CAREER MANAGE YOU!**

### GAMMA ALPHA MEMBER DEVELOPED A WINNING CAPSTONE PROJECT

"African American Men, Shared Decision Making and Prostate Cancer," was the title of Lynette Sandiford's DNP capstone project. The project was developed because of her passion for serving the unique health needs of diverse populations. Working in radiation oncology, she saw first-hand too many African American men diagnosed with prostate cancer in its later stages. Lynette worked tirelessly with community stakeholders to design a culturally sensitive, relevant, and collaborative educational outreach concerning prostate cancer screening guidelines. She developed attractive, evidenced-based screening tools that physician offices and clinics are requesting permission to use. Dr. Sandiford presented a poster on her project at the 47<sup>th</sup> Annual Communicating Nursing Research Conference, Western Institute of Nursing, Seattle, Washington, April 11, 2014. She submitted an abstract and is selected to do a podium presentation at the 19<sup>th</sup> Annual Region 2 Joint Southern California Chapters (Sigma Theta Tau International) Research and Innovation Conference in Ontario, California, November 2014. Her project created much interest in the community, and on May 8, 2014 she was interviewed on local cable TV channels 33 (English) and 99 (Spanish) on the program, "Community Pulse". She is in the process of finishing a manuscript for publication in the Clinical Journal of Oncology Nursing on this project. Her project is nominated for American Association of Colleges of Nursing's "Outstanding Capstone Project Awards." (Lynette Sandiford pictured center with her family).

## CLASS OF '56 DONATES SCHOLARSHIP TO HONOR DR. EVA MILLER

The nursing class of 1956, of which Eva Goodlet Miller was a member, planned a class reunion earlier this year. The untimely passing of Eva was a shock to all her class members, who remembered her as a faithful friend and gentle spirit. In her honor, the class collected funds to be used towards a scholarship for the 2014-2015 school year. Eva would have been humbled and honored by this gesture of generosity. Thank you, class of 1956!
