Maasai Community

Curricular Offered:

- Completed the four years diploma program
 - 2009 had 6 graduates
 - 2010 had 18 graduates
 - 2011 had 5 graduates
 - All 2009/ 2010 graduates employed while waiting for UoA to start the BSN program
- In preparation for three years diploma program and BSN

Success of the graduates

- 2008 Graduates
 - 70% got employment after graduation
 - 20% got salary raise in their place of work
 - 5% got promoted
- 2009/2010
 - 80% got employment after graduation
 - Other statistics are still being collected

Unique Features of the Program

- Graduate's competence have triggered Politicians from the Zanzibar island to request the UoA to establishment the Nursing diploma program in their territory
- UoA is just a few kilometres before the Arusha national park

Opportunities

- No diploma in Nursing in Arusha city or BSN program in the region
- UoA is situated around communities which value education
- UoA could benefit more from the student's education loan though small
- Arusha's geographical setting and climate is liked by people- nationals and foreigners

Needs

- Skills lab and equipment
- Faculty
- Projector
