

LOMA LINDA
UNIVERSITY

MS to DNP

School of Nursing

DEGREES OFFERED

- Doctor of Nursing Practice (DNP) 68 units

Located in the heart of the Inland Empire, the Loma Linda University School of Nursing offers students a quality Christian education embracing the importance of whole person care for mind, body, and spirit. With students from more than 80 countries and 65 religions, we have a richly diverse student body that adds to the excitement of learning and exchange of ideas. Our commitment to the development of expert nurse clinicians, educators, administrators, and researchers prepares graduates to leave with a solid foundation, inspired to serve and transform the world one person at a time.

All programs are fully accredited by the Western Association of Schools and Colleges (WASC). The DNP program is also accredited by the Commission on Collegiate Nursing Education (CCNE).

LOMA LINDA UNIVERSITY MEDICAL CENTER (LLUMC)

LLUMC is located across the street from the School of Nursing. The Medical Center is a tertiary-care teaching hospital with over 900 beds across multiple entities: LLUMC, Children's Hospital, East Campus, Behavioral Medicine Center, Surgical Hospital and LLUMC - Murrieta. As a level one regional trauma and health care center, LLUMC operates some of the largest clinical programs in the United States.

LLUMC is the site for many of the clinical experiences, internships, and educational opportunities available to students at Loma Linda University.

PROGRAM HIGHLIGHTS

- Part-time option available
- Hybrid Core Courses - between 2-10 days on campus per quarter
- Flexible schedule
- Clinical site options available to all students
- Low student to faculty ratio

The LLUSN MS to DNP program is a 68 quarter unit (equivalent to 46 semester units) program designed for full time working professionals. It encompasses 2 years of core coursework and 1 year of DNP project implementation. The program is unique in its integration of Christian leadership and ethics.

The program is for RNs who already have an MS degree in Nursing. To apply for the clinical track, a nurse must show evidence of APRN education/certification (NP, CNS, CRNA, CNMW). To apply for the leadership track, a RN must have a master's degree, leadership education/experience and must have or obtain management certification.

The program is a hybrid program. This educational model allows for the convenience of online learning, along with face-to-face interaction with faculty and other DNP students. Classes meet face-to-face for 4 consecutive days each quarter to allow for the development of teamwork. These face-to-face classes prepare students for papers and projects that will later be submitted online.

The DNP program is competitive. Students are encouraged to submit their applications early in the application period in order to complete admission requirements in a timely manner.
