

LEADERSHIP NP PROGRAM — Sample curricular program. Full-time. BS to DNP Program

Our Hyperflex model combines the flexibility of online learning with the value of in-person experiences.

Most courses can be completed remotely, but those [shown in blue below](#) include required on-campus sessions for essential hands-on training.

Clinical, lab, and simulation courses feature scheduled in-person practice sessions to help you build the real-world skills needed for confident clinical care.

Each 11-week quarter also includes a Seminar Week (typically during Week 5). For non-blue courses below, you can choose

to participate either on campus or remotely to connect and collaborate with your classmates.

Hyperflex flexibility—online or in person, your choice.

Qtr/Year	Fall			Winter			Spring			Summer		
Yr 1	REL 540	Wholeness and Health	3	NGRD 655	Health Systems Finance	4	NGRD 658	Translational Research	4	NGRD 651	Nursing Theory	4
