

Concurrent Enrollment Track

PROGRAMS OFFERED

- RN to BS Concurrent Enrollment for those currently enrolled in an Accredited Associates Degree in Nursing (ADN) program.
- Full-time and part-time (100% online) options available

Located in the heart of the Inland Empire, the Loma Linda University School of Nursing offers students a quality Christian education embracing the importance of whole-person care for mind, body and spirit. With students from more than 80 countries and 65 religions, we have a richly diverse student body that adds to the excitement of learning and exchange of ideas.

A BS degree in nursing opens the door to many opportunities in nursing including Public Health, Advanced Management and Research. This program is for those currently enrolled in an ADN program who wish to complete their BS degree. It prepares students for professional nursing in both acute and community settings. The LLU RN to BS online Concurrent Enrollment Track was designed with ADN students in mind. As such, the program offers the flexibility of part-time or full-time enrollment and the convenience of online learning.

All programs are fully accredited by the Western Association of Schools and Colleges (WASC); the BS, MS and DNP programs in Nursing are also accredited by the Commission on Collegiate Nursing Education (CCNE).

LOMA LINDA UNIVERSITY MEDICAL CENTER (LLUMC)
